

*<http://twardoch.github.io/totw/>*

- Collection of >2,000 open-source fonts
- Only fonts that I personally consider valuable: excellent design, large character sets, large number of styles
- Focuses mainly on fonts for longer texts, though a small selection of display and decorative fonts is also included
- Most fonts in this collection are licensed under the SIL Open Font License (OFL)
- Some fonts are licensed under the Apache 2 or UFL
